Mr. Abdul Rahman Yaghmour

Odoo, Middle East DWC-LLC

Professional Background

Mr. Abdul Rahman Yaghmour is an experienced Education Program Consultant with over six years of expertise in customer-facing problem solving, institutional engagement, and technology-driven solutions. Currently serving at Odoo in Dubai, he works closely with more than 40 institutional customers, understanding their operational needs and delivering tailored solutions throughout the engagement lifecycle. He has successfully conducted over 120 workshops, providing training, consultation, and ongoing support to faculty and administrators.

Prior to joining Odoo, Abdul Rahman served as a Solution Consultant at Thales Group's AstraUTM, where he led technical discovery, product demonstrations, and customer training. His earlier experience as a Research and Development Engineer involved the end-to-end development of IoT drone systems, combining hardware and software expertise using Python and C++.

He holds a Bachelor of Science in Electrical Engineering from the American University of Sharjah, UAE and is currently pursuing a Master of Science in Engineering Systems Management. His professional credentials include Odoo Functional Certification, the McKinsey & Company Forward Program, and Certified Commercial Drone Pilot certification. Fluent in both Arabic and English, he brings a strong combination of technical knowledge, stakeholder management, customer experience, and educational technology expertise.
